uvex i-vo, the 'eye-youth' in protective eyewear. When it comes to comfort and looks, i-vo does not compromise, making these spectacles incredibly popular among wearers. They are not only uncompromisingly safe but also excellent in terms of comfort and design. This is guaranteed because of uvex's duo component technology, which ensures that the spectacles not only tough, but also smart. Soft components around the sensitive parts of the face (nose, forehead, ears) guarantee permanent maximum comfort.
